

MAC & TED

Synopsis

Episode 1: MAC Meets Ted

A cute little robot is flying in his spaceship, happily traveling around the universe. His spaceship malfunctions, and crashes onto earth behind a house. In the house lives Ted, Ted's mother, father and little sister Cathy. The family is awakened by the loud noise and runs out to see what has happened. They are surprised to see that a spaceship has landed behind their house. Ted's father is an engineer, and fixes the robot, which was broken during the crash. The robot comes to life and its many lights and knobs start to flash and beep. Ted's father tells the family that the robot is a Mechanically Animated Configuration, and so they call the robot "MAC".

Episode 2: Picnic in the park

MAC and the whole family went for a picnic in the park . There MAC learn about things and animals that they find in the park. MAC is happy with the knowledge he gain. He and the family sings on the things they found.

The family went to the zoo , there they meet with so many animals such as the lion, monkeys , parrot , kangaroo , giraffe, zebra and elephants. MAC is excited to learn so many things about the animals they found.

Episode 4: A broken vase

MAC, Ted and Cathy accidentally broke Moms' favorite vase when they play in the house. They plan to replace it with that same looking vase. They do odd jobs and help a woman who get rob. They finally able to get enough money to buy mom a new vase.

Episode 5: A visit to grandma

When they went to visit Ted's' grandma, MAC is puzzled why grandma looks so old and different from the rest of them. Father explains that grandma is an old lady and that's how humans look when they are old. MAC learns so many things from grandma and loves her so much.

Episode 6: Fun at the market

Mac and the family went to the market where MAC sees so many things such as vegetables, meats and fruits. MAC learns about food and how they are produce.

Episode 7: An evening walk

Dad asks them to come along for a walk up to a hill. There they meet with various insects and animals such as the butterfly, millipedes and others. Mac is excited with the insects they saw.

Episode 8: A day at the beach

Ted and Cathy are thrilled when Mum and Dad suggest they all take MAC to the beach. They arrive at the beach, and MAC is awed by how big the sea is. Dad explains that beneath the sea is a different kind of world, full of interesting creatures both big and small.

Episode 9: Where is Mac

MAC, Ted and Cathy meet a new friend name Jimmy. They plan to build a kite but in the process, Ted and Jim argue and this scared MAC. MAC goes away and later Cathy and the others realized that MAC is gone. They look for MAC and ask everyone they meet. At last they find MAC hiding under the bed in their home.

Episode 10: Look at the weather

MAC and TED are busy exploring Ted's Mom's garden on a sunny afternoon, when suddenly it rains. Mac looks up in wonder to the sky, curious about the drops of water falling from it. Ted, in the meanwhile hurriedly tried to get Mac to run for cover. Together they hurry into the house. Ted explains that when it rains, people walk around under umbrellas to protect themselves from getting wet or they put on raincoats.

Episode 11: Why plants are important

DAD opens the front door of their house and MAC tentatively steps outside along with TED, KATIE and MOM. Outside, the rain has just stopped and the sun is shining again.

'They all look at the flowers, plants and trees now looking fresh in the sun with glints of rain drops still on them. Together they walk around their garden while Dad explains that plants are very vital in the nature cycle. While animals not only need plants for food but also as shelter. For instance, birds build their nests in tall trees

for safety and bees have their hives hanging from tree branches.

Episode 12: Telephone fun

Dad tries to repair their telephone. MAC wonders what it is and its usage. Dads explain how it functions to MAC. Mac, Ted and Cathy then play with cans and string as toy phone. They have so much fun with the phone.

Episode 13: Paper and its uses

After lunch that day, DAD suggested that they, KATIE, TED, MAC and MOM, go out for a walk in the park where there is a small pond with plenty of ducks. When they arrive at the park, they feed the ducks at the pond. Mac, Ted and Katie enjoy feeding the ducks. Dad then shows them just how fun old newspaper can be. They start making paper boats and float some bits of stale bread on their paper boats. After that, Dad shows them how to make paper aero planes. Dad explains the importance of paper in humans' life and how recycling can help prevent damage to the forest.
